PROFESSIONAL SUMMARY

Motivated HNDIT student at SLIATE with a strong interest in web development and a growing foundation in frontend, backend, and full-stack development. Familiar with HTML, CSS, JavaScript, Bootstrap, React, PHP, Java, SQL/MySQL, and Git/GitHub. Experienced in developing individual projects, including a PHP-based Learning Management System, Java-based Point of Sale System, and PHP-based e-commerce Management System. A quick learner with strong teamwork, communication, problem-solving, time management, and attention-to-detail skills. Seeking a Web Developer Internship to gain practical industry experience, improve technical skills, contribute to real-world projects, and learn in a professional development environment.
